The Department of Mathematics at the Faculty of Sciences, Tétouan, Abdelmalek Essaadi University, is pleased to announce the organization of the second edition of the international congress **Franco-Moroccan Mathematics Days (F2MDays'25)**. This event is jointly organized with the Laboratory of Analysis, Geometry and Applications (LAGA), Sorbonne Paris Nord University. It will take place from May 13 to 16, 2025, at the Faculty of Sciences, Tétouan.

This scientific congress provides researchers with the opportunity to explore the latest advancements in mathematical research. Through its workshops and plenary sessions, participants will have the chance to enhance their skills in scientific mediation and strengthen their understanding of complex mathematical concepts. Additionally, the congress promotes the dissemination of high-quality research, thereby contributing to the advancement of Mathematics worldwide. This scientific meeting will not only reinforce the bonds between the French and Moroccan mathematical communities but also will play a key role in advancing Mathematics on an international scale.

The mathematics community is warmly invited to take part in this prestigious event. Outstanding contributions will be considered for publication in internationally indexed journals, as part of the call for papers open to mathematical researchers.
