

FZMD

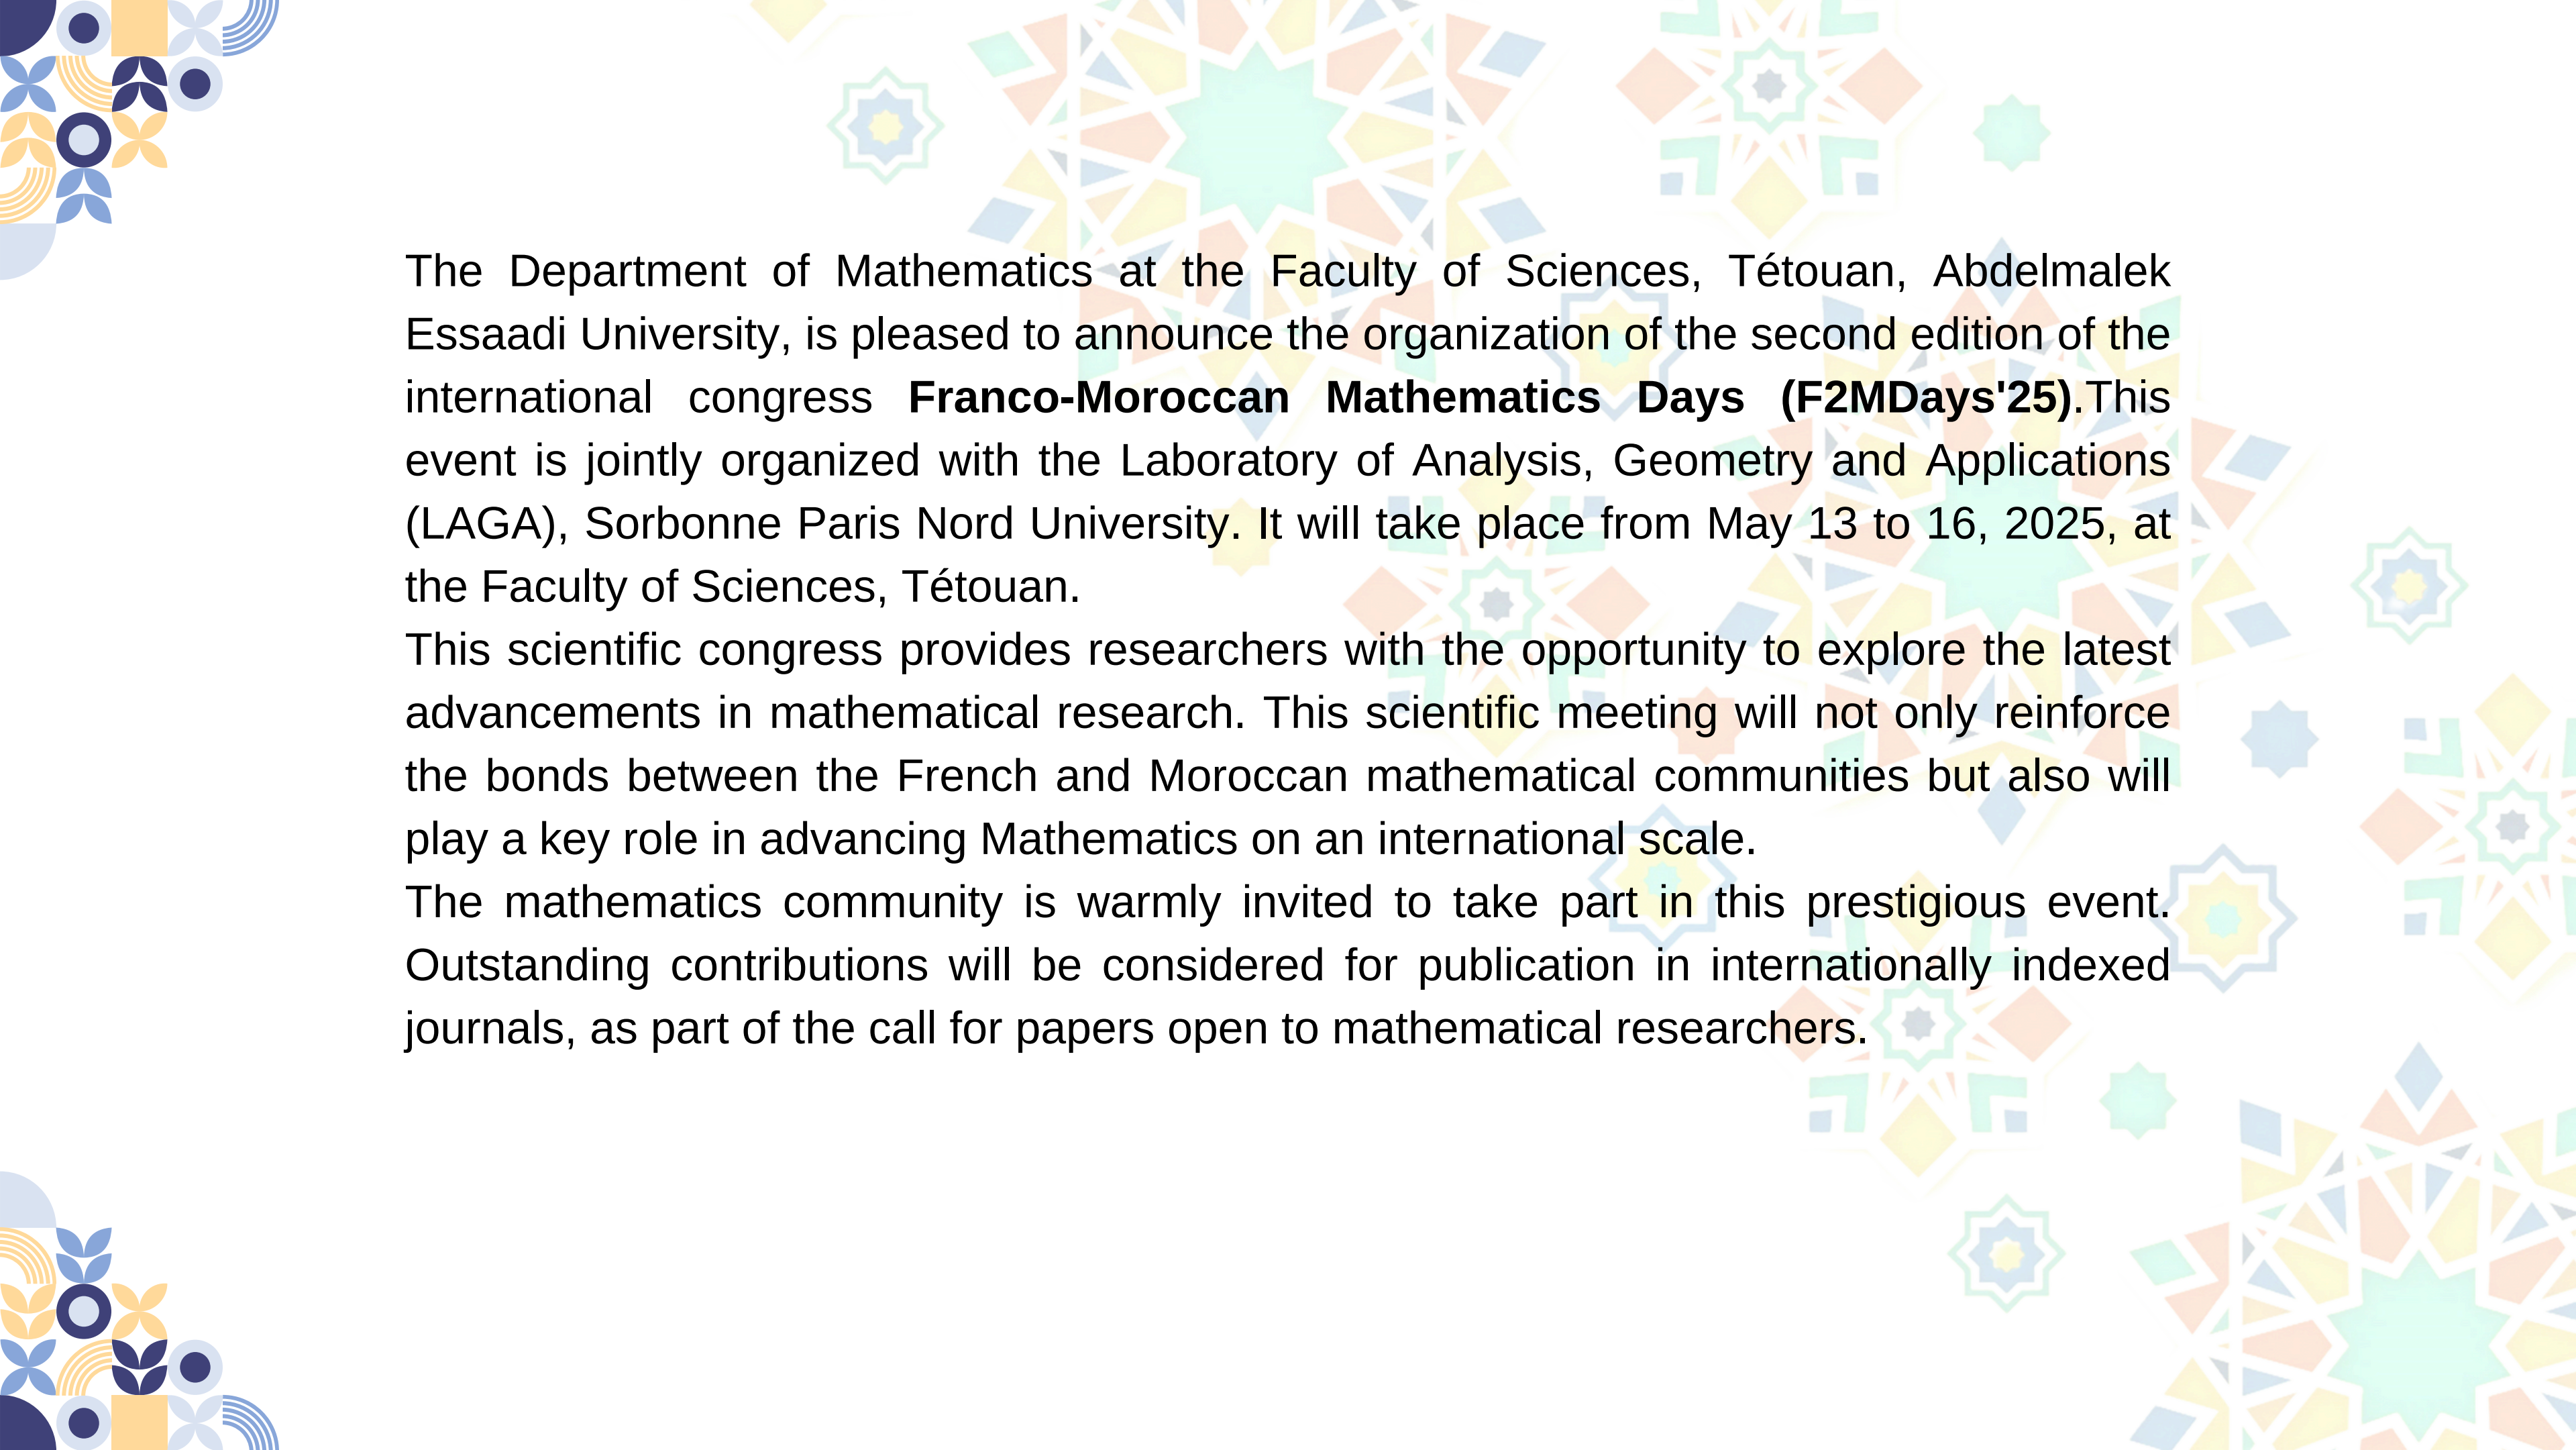

**Franco-Moroccan
Mathematics Days**

Second Edition

**MATHEMATICS FOR EVERYONE
AND EVERYWHERE**

**CALL FOR
SPONSORSHIP**

13-16 May 2025, Tetouan

The image features decorative geometric patterns in the corners and background. The top-left and bottom-left corners contain clusters of colorful shapes including circles, squares, and floral motifs in shades of blue, orange, and yellow. The background is filled with larger, intricate geometric designs, including star-like shapes and complex tessellations in various colors such as green, yellow, orange, and blue.

The Department of Mathematics at the Faculty of Sciences, Tétouan, Abdelmalek Essaadi University, is pleased to announce the organization of the second edition of the international congress **Franco-Moroccan Mathematics Days (F2MDays'25)**. This event is jointly organized with the Laboratory of Analysis, Geometry and Applications (LAGA), Sorbonne Paris Nord University. It will take place from May 13 to 16, 2025, at the Faculty of Sciences, Tétouan.

This scientific congress provides researchers with the opportunity to explore the latest advancements in mathematical research. This scientific meeting will not only reinforce the bonds between the French and Moroccan mathematical communities but also will play a key role in advancing Mathematics on an international scale.

The mathematics community is warmly invited to take part in this prestigious event. Outstanding contributions will be considered for publication in internationally indexed journals, as part of the call for papers open to mathematical researchers.

Honorary Committee

Boucheta EL Moumni, President of Abdelmalek Essaadi University

Nathalie Charnaux, President of Sorbonne Paris Nord University

Jamila El Alami, Head of CNRST

Mostafa Stitou Dean of Faculty of Sciences, UAE

Bruno Manil, Head of Galilée Institute, USPN

Congress Chairs

Pr. Arij Bouzelmate, FS-UAE

Pr. Benoît Rittaud, USBN

Scientific Objectif

This congress offers workshops and plenary sessions, which will give participants will have the chance to enhance their skills in scientific mediation and strengthen their understanding of complex mathematical concepts. Additionally, the congress promotes the dissemination of high-quality research, thereby contributing to the advancement of Mathematics worldwide.

Mini Symposiums

- 1. Algebra, Functional Analysis and Applications**
Z. Aznay, F. Chabbabi and S. Moussaoui,
- 2. Mathematical Modeling and Machine Learning**
M. El Annas, A. El Ouissari and F. Harchli
- 3. Nonlinear Analysis and Applications**
B. El Haji, M. Lahrouz and A. Moujahid
- 4. Numerical Analysis and Optimization**
I. Jamiai, B. Jarmouni and H. Zitane
- 5. Statistics, Probability and Operational Research**
A. Abou-bakre, N. Lanjri and M. Marzougue,
- 6. Pedagogical Innovation and Development of Teaching**
E. M. Delgadillo, E. Janvresse and L. Vivier
